Subject: Material Safety Data Sheets (OSHA 29 CFR 1910.1200)

Dear Hubbell Customer:

Referring to the Federal Right to Know Law, Title 29 of the Code of Federal Regulations CFR, Paragraph 1910.1200, Hazard Communication Final Rule:

OSHA 29 CFR 1910.1200 (c) states that an "Article" means a manufactured item, which is formed to a specific shape or design, which has end use function, dependent in whole or in part upon its shape or design, and which does not release, or otherwise result in exposure to a hazardous chemical under normal conditions of use.

Hubbell Lighting products are classified as "Articles", and Material Safety Data Sheets are not required for "Articles" by Title 29.

If you are involved in other than "normal conditions of use" and need information about internal, normally sealed materials supplied in Hubbell products (such as lamps, batteries, capacitors, etc.) please contact Hubbell Purchasing for component supplier contact information.

These items should be disposed of in accordance with all applicable federal, state, and local regulations.

Very truly yours,
